REPORT
OF
THE ADJUTANT GENERAL
OF THE
STATE OF NORTH CAROLINA

FOR THE PERIOD AUGUST 1, 1951—DECEMBER 31, 1952.

To: *His Excellency, The Governor of North Carolina and Commander-in-Chief of the State Military Forces. Executive Office, Raleigh, North Carolina.*

Sir: Submitted herein is a report of the operations of The Adjutant General's Department for the years 1951-1952.

COMMENDATIONS

Several organizations, officers, and men of the North Carolina National Guard have received the commendation of Regular Army and Air Instructors and of the Commanding General, Third Army. Such recognition on the part of Regular Army and Air Officers is evidence of the organization, state of training, and efficiency attained, for which the officers and non-commissioned officers and enlisted personnel are to be congratulated.

Battery B, 113th Field Artillery Battalion at Dunn was awarded the Third Army National Guard Training Trophy for the calendar year 1951. This trophy is awarded to the outstanding National Guard unit in the Third Army Area for each calendar year, based on certain criteria.

The Service Battery, 112th Field Artillery Battalion, Lenoir, was awarded the Eisenhower Trophy for outstanding performance during 1951. This trophy was established in honor of President Eisenhower in 1948 when he was General of The Army, and is awarded each year to the company size Army National Guard unit in each State, Territory, and the District of Columbia on the basis of outstanding performance in training, attendance, weapons qualifications, strength, and other factors.

At the annual armory inspections conducted in the fall of 1952 for fiscal year 1953, there were twelve units which received a rating of SUPERIOR, the highest rating attainable. This is

the largest number of units attaining a rating of SUPERIOR in any fiscal year in the history of the North Carolina National Guard. More units received an EXCELLENT rating and fewer units received a SATISFACTORY rating, with no unit receiving an UNSATISFACTORY rating. The North Carolina National Guard is properly proud of this record.

MOTOR VEHICLE STORAGE BUILDINGS

A brief resume of physical properties owned by the State of North Carolina and being used for the benefit of the North Carolina National Guard is considered appropriate for this report. During the years 1949, 1950, and 1951 there were constructed thirty-six (36) motor vehicle storage buildings with funds provided entirely by the Federal Government at a total cost of \$857,412.00; an Airplane Hangar at a cost of \$14,981.00, and two Satellite Radar Stations at a total cost of \$99,366.70. The Federal Government, therefore, has provided \$971,759.70 to provide these facilities for the North Carolina National Guard, with the exception of the airplane hangar, all of these buildings were constructed on land donated to the State of North Carolina. Of the motor vehicle storage buildings, thirty-two (32) are being used as armories, and the satellite radar stations are being used to house the 263rd Communications Squadron Operations of the Air National Guard.

ARMORIES

The Congress of the United States for fiscal year 1952 appropriated 24 million dollars for military construction, Reserve Components. This entire amount was allotted for National Guard construction, with 16 million dollars being set apart for armory construction and 8 million dollars for non-armory construction. North Carolina's share for armory construction was \$330,817.00. For fiscal year 1953, the Congress appropriated 20 million dollars for military construction, Reserve Components. However, only 8 million dollars of this was allotted to National Guard construction, and of this amount, 5 million dollars was allotted to armory construction and 3 million dollars to non-armory construction. North Carolina's share for armory construction was \$105,481.00. This makes a total of \$436,290.00 for armory construction.

These armories are based on plans prepared in the National Guard Bureau, with the number of square feet in each item go-

ing into the armory determined by the Reserve Components Facilities Board. In order to conform to the building code for public buildings, it was necessary that these plans be redrawn. In so doing, economies of construction were effected which in no wise impaired the usefulness of the building or increased maintenance costs. Bids were received on 18 December 1952 for an armory at Burlington and for an armory at Red Springs. The low bids on the Burlington armory totalled \$97,281.00 and on the Red Springs armory \$98,513.00. These bids were very much of a surprise to the National Guard Bureau, because it had estimated the cost of construction of these armories at \$140,000.00 each. The low bids were approved and contracts for construction were authorized. The National Guard Bureau authorized the advertisement for bids for the construction of an armory at Lenoir, with the interior plan modified to provide for a battalion headquarters and two batteries of artillery.

The cost of construction of these armories is borne by a 75% contribution by the Federal Government and a 25% contribution by the State of North Carolina. If bids on additional armories are in line with the first two, the State will be able to construct six (6) armories instead of four (4) with funds allotted for fiscal year 1952 and 1953.

Armories located as follows and originally built with Federal funds provided through Works Progress Administration in 1935, 1936, 1937, and 1938, augmented by ground and funds furnished by the respective communities, are now the property of the State: High Point, Morganton, New Bern, Parkton, Salisbury, Washington, Whiteville, Wilson, by deed, and Dunn and Roanoke Rapids by twenty-five (25) year leases.

UNITS WHICH ENTERED ACTIVE FEDERAL SERVICE AND THEIR REORGANIZATION

In the preceding Report of the Adjutant General, there is listed the units of the North Carolina National Guard which had been called into active Federal service as a result of the undeclared war in Korea. The 82nd Congress, at its Second Session, enacted Public Law 461, which authorized the President to retain unit organizations and the equipment, exclusive of the individual members thereof, in the active Federal service for a total period of five (5) consecutive years. This law further provided that the Secretary of the Army and the Secretary of the Air Force could, under such regulations as the President might prescribe,

provide for the organization of units of the National Guard and the Air National Guard whenever the unit organizations were retained in the Federal service. Pursuant to this law, regulations were issued authorizing the organization of NGUS units bearing the same numerical designation but at reduced strength. The numerical designation of each of the following units was retained in active Federal service: 378th Engineer Combat Battalion, 449th Field Artillery Observation Battalion, 540th Field Artillery Battalion, and 690th Field Artillery Battalion. Authority was obtained to organize NGUS units effective two years from the date of entry on active Federal service of the parent unit. The following NGUS units have been organized:

378th Engineer Combat Battalion (NGUS)

<i>Unit</i>	<i>Station</i>	<i>Date Of Federal Recognition</i>
Headquarters.....	Charlotte.....	20 November 1952
Hq. & Service Company.....	Charlotte.....	20 November 1952

Company B.....	Charlotte.....	20 November 1952
Company C.....	Statesville.....	19 November 1952

540th Field Artillery Battalion (NGUS)

Headquarters.....	Monroe.....	3 November 1952
Headquarters Battery.....	High Point.....	3 November 1952
Battery A.....	HighPoint.....	3 November 1952

Service Battery, Battery B and Battery C not yet organized.

449th Field Artillery Observation Battalion (NGUS)

No units organized.

690th Field Artillery Battalion (NGUS)

No units can be organized until after 23 January 1953.

The 156th Fighter Squadron, Air National Guard, was re-established at Charlotte on 10 July 1952, and effective that date was redesignated as the 156th Fighter Interceptor Squadron, and was redesignated as the 156th Fighter Bomber Squadron on 1 December 1952.

The Adjutant General's Department was advised that the 118th Aircraft Control and Warning Squadron would not be returned but authorized the organization of the 263rd Communications Squadron Operations, and this unit was extended Federal recognition on 8 October 1952 occupying the radar buildings at Wadesboro and Badin which had been constructed for the 118th Aircraft Control and Warning Squadron.

SERVICE SCHOOLS

During the period covered by this Report, one hundred (100) Officers and two hundred thirty-two (232) EM had attended Service Schools.

CAMPS OF INSTRUCTION, 1952

During the summer of 1952, the 30th Infantry Division, under command of Major General Paul H. Jordan of Chattanooga, Tennessee, with Brigadier General Claude T. Bowers of the North Carolina National Guard as Assistant Division Commander, engaged in annual field training at Fort McClellan, Alabama. The IV Corps Artillery, the 167th Military Police Battalion, the 3624th Ordnance Company also trained at Fort McClellan. The 252nd AAA Group engaged in field training at Camp Stewart, Georgia, together with the 130th AAA Battalion, a part of the 30th Infantry Division. The training at both installations was most satisfactory and the accommodations all that could be desired.

ARMY INSTRUCTORS

Colonel Lee C. Bizzell, 0-10250, Infantry, was transferred in the summer of 1952 after serving three years in this assignment. He performed his duties in an outstanding manner. He was succeeded by Colonel William R. Watson, 0-8354, Infantry, who took over the duties of Senior Army Instructor in July. Colonel Watson has his office in the Adjutant General's Department. He has shown a deep interest in his assignment and has been energetic in his personal visitations to the units of the Guard at their respective home stations. He and his officer assistants have been especially helpful in counseling and advising with unit commanders, and particularly in assisting them with respect to property. Colonel Watson is a native of North Carolina, served four (4) years in the office of the PMS&T, North Carolina State College, during which time he attended two field training periods with the 120th Infantry. He has a thorough knowledge of the problems of the National Guard and is most energetic in his efforts to assist. His assistants, both commissioned and enlisted, have rendered valuable service and have been most helpful. I wish to record my appreciation of their unselfish devotion to their duties. Especially I wish to commend the Sergeant Instructors in the Office of the Senior Instructor for their very fine cooperation with the Adjutant General's Department and for their interest and efficient work on behalf of the National Guard.

THE UNITED STATES PROPERTY AND DISBURSING OFFICER

Lt. Colonel Michael H. Austell, with former service as an assistant to Colonel Gordon Smith, assumed the duties of the United States Property and Disbursing Officer on 2 October 1947 and continues to perform his duties in a most efficient manner. His knowledge acquired through years of experience and the thoroughness and care with which he handles the many details of his duties are outstanding. His office has handled the many administrative details required to place approximately 50 million dollars worth of clothing and equipment in the hands of National Guard units of this State, all of which has been furnished through the Federal Government. He has to maintain very detailed records and carries on his books approximately twenty-two thousand (22,000) items. His records must show where each item of property is. He has four auditors who make a complete inventory of all property in the hands of each unit once each year, and he must make inventory of the many thousands of items in his three warehouses at Camp Butner. During the past twelve months, over 2 million dollars worth of new motor equipment has been issued, and all of the World War II motor equipment has been turned in. His office makes all contracts for construction which is paid for wholly with Federal funds. He must make the necessary arrangements for the transportation of troops to and from field training, provide for their rations while at field training, as well as the petroleum products required for motor vehicles, and all types of ammunition to be used. His service in every particular has been of the highest order.

STATE MAINTENANCE OFFICER

Lt. Colonel John Foreman is a State Maintenance Officer of unusual and outstanding ability. He has had wide experience in ordnance for many years. The Ordnance Maintenance Shop at Camp Butner is operated under his supervision. It makes repairs to all motor vehicles, weapons, signal, and engineer equipment of the North Carolina National Guard. He makes an annual inspection of all ordnance, signal, and engineer property in the hands of each unit. He is with the Inspection Teams sent out by Third Army through most of their inspections. He handles much work for the Adjutant General's Department, although his compensation is paid with Federal funds.

**STAFF AND EMPLOYEES
THE ADJUTANT GENERAL'S DEPARTMENT**

The staff and employees of this Department merit the respect and confidence of the State and the Departments of the Army and Air Force. The staff members are officers of experience in the National Guard and World War II. They are efficient and perform their duties with interest and intelligence. Several employees of the United States Property and Disbursing Office and the Adjutant General's Department have many years of service with the Department. It is largely through the efficiency of his staff and employees that the head of a department may effectively perform his duties to the benefit of the State and Federal Governments.

The office space allotted to the United States Property and Disbursing Officer is over-crowded and inadequate. The same is true of the Adjutant General's Section. I urgently request additional office space for the Adjutant General's Department. Additional office space is its greatest need.

GENERAL

I consider the National Guard of North Carolina at this time the best trained and best equipped in its history. On 31 December 1952 it had a total strength of 622 Officers and 5,017 Men in the Army National Guard, and 20 Officers and 155 Men in the Air National Guard. Due to the demands of the Selective Service System, it has been difficult to increase the strength, but the determination of the officers and non-commissioned officers has made it possible to keep its strength from declining. All honor is due to them.

General John H. Manning
Adjutant General
Raleigh, North Carolina

Sir:

We have made an examination of the accounts and records of the

DEPARTMENT OF THE ADJUTANT GENERAL
RALEIGH, NORTH CAROLINA

for the fiscal year ended June 30, 1951 and submit herewith our report consisting of two Exhibits and four Schedules which we believe to be self-explanatory. We also show on Exhibit "C" a statement of receipts and disbursements of the North Carolina Armory Commission. There was an unexpended balance of \$171,795.01 at June 30, 1951. This amount was transferred to reserve account for permanent appropriations North Carolina Armory Commission.

Expenditures for the Department of The Adjutant General's office for the year 1950-51 were \$309,079.90 compared to \$311,011.57 for the previous year, or a reduction of \$1,931.67 for the year 1950-51. This was accounted for mainly by the fact that certain units of the National Guard (Air and Ground) were inducted into Federal Service.

We inspected a representative number of invoices, payrolls, and other data supporting disbursements and found them in order. The cash balance at June 30, 1951 was reconciled with the records of the State Treasurer and found in agreement.

We wish to express our appreciation to the personnel of the Department for the courtesies extended us during this assignment.

Respectfully submitted,

HENRY L. BRIDGES, *State Auditor*

Practically the whole time during the above two (2) years, the Air National Guard Units were on extended active duty and the number of vouchers and requisitions pertaining to Air Units was greatly reduced on this account.

7. During the Calendar Years 1951 and 1952, the National Guard Bureau inaugurated programs pertaining to equipment which greatly increased the work load of the Office and Warehouse. All World War II vehicles were withdrawn from the National Guard and replaced with new vehicles. Also, certain items of equipment were withdrawn from the National Guard and turned back into Army stocks. Inasmuch as all the vehicles on hand were replaced, all parts pertaining to the old vehicles were turned into Depots. Then before our program of turn in of parts could be completed, it was necessary to receive and issue to all Units new type vehicles and set up a stock of parts pertaining thereto. While this program was in full swing, Warehouse personnel were not able to perform any other duties except to a limited extent.

8. During the period covered by this report, the Department of the Army and the National Guard Bureau determined that the National Guard had quantities of equipment over and above the amount which was actually needed for training. Instructions were received to the effect that Units should turn

in all equipment which was over and above the foreseeable requirements for training. This caused a large quantity of equipment to be returned to the Warehouse. It was packed and turned into Army Depots.

9. Following is a list of personnel occupying key positions or positions as Head of Sections in this Office:

Administrative Assistant.....	John A. Jones
Chief Clerk.....	Captain Richard G. York
Field Auditor & Inspector.....	Lt. Hugh P. Massengill
Field Auditor & Inspector.....	Maj. Neil J. Pait, Jr.
Field Auditor & Inspector.....	Maj. James S. Cox
Transportation Section.....	Captain Walter C. Lewis
Fiscal Section.....	Lt. Graydon C. Liles
Purchase and Contract Section.....	Captain Eugene E. Greene
Property Record Section.....	Lt. Thomas E. Carter
Supervisor, USP&DO Warehouse.....	Captain Robert J. Wilkins
Air Section.....	David L. Graham

10. In accordance with the National Defense Act and the regulations published by the National Guard Bureau, this Office was inspected by the Inspector General, Third Army, as follows:

9-11 April 1951—Inspector General, Major Owen W. Owens

Rating received "Superior"

17-19 March 1952—Inspector General, Lt. Colonel Russell E. McMurray

Rating received "Superior"

11. Cooperation on the part of the Adjutant General of this State, Army Instructors, and Advisors, Organization Commanders, and other individual Officers and men has made it possible for this Office to satisfactorily discharge the duties assigned and has made the work a real pleasure. In the operation of this Office for the period covered by this Report, I desire to acknowledge the contribution made and fine assistance rendered by each employee of this Office. Without their untiring work and efforts, the work could not have been done in an acceptable manner.

1951 FIELD TRAINING REPORTS

August 9, 1951

SUBJECT: Report of Field Training, Selective Service Section,
Headquarters & Headquarters Detachment, NC NG, 1-29 July 1951.

TO : The Adjutant General
Raleigh, North Carolina

1. Pursuant to Paragraph 3, GO No. 17, AGD, 18 June 1951, the Report of the Field Training Period, 1-29 July 1951, Selective Service Section, Headquarters & Headquarters Detachment, NC NG, is respectfully submitted herein. Although the General Orders cited provided that this report be submitted by the Commanding Officer, I am, with your consent, submitting the report in view of the fact that I have been assigned responsibility for the training, and the further fact that the period of training was split. The six officers of this section who are not on extended active duty were all present for a two weeks training period, with the exception of Captain Thomas C. Brown, who was excused from one week of such training under the provisions of Paragraph 5, SO 525, AGD, 28 June 1951. The training was conducted in the office of State Headquarters, North Carolina Selective Service System.

2. Believing that the best training would come from actual participation in Selective Service operation the Adjutant General recommended to the National Guard Bureau that the officers of this section be authorized to participate in field training in groups of three, which represented the largest number that could be integrated into the State Headquarters Staff at one time. The recommendation met with the approval of the Director of Selective Service and the National Guard Bureau, and we understand that it was considered with such favor that the idea was suggested for the training of the Selective Service Section in other states and that many adopted it. Splitting the group up presented a few minor administrative disadvantages but in the opinion of the undersigned these in no way were comparable to the advantages of this training method. The officers attending Field Training appeared to have a greater interest in their training and nearly every one of them expressed to the undersigned their individual belief that they had acquired more from this period of Field Training than any other in which they have participated since assignment to the Selective Service Section. From my observation I feel that there is no doubt but what this method of training is the most effective as long as a Selective Service operation is in effect.

3. Since the officers attending Field Training were integrated into the staff of this headquarters no training schedule was prepared, as they were governed by the same hours, regulations and requirements as the staff of this headquarters.

4. Attached hereto are copies of the Morning Reports, Selective Service Section, Headquarters & Headquarters Detachment, NC NG, for the period 1-29 July 1951.

Respectfully,

THOMAS H. UPTON

1951-1952 REPORTS FIELD TRAINING

(Summer Camps)

HEADQUARTERS 252d AAA GROUP NORTH CAROLINA NATIONAL GUARD

Wilmington, North Carolina

354

21 Aug 51

SUBJECT: Report on Field Training 1951.

TO: The Adjutant General
State of North Carolina
Justice Building
Raleigh, North Carolina

1. In compliance with par. 5, General Order No. 16, Adjutant General's Department, State of North Carolina, Raleigh, North Carolina, dated 14 June 1951, submitted herewith a report on the field training of this headquarters 8-22 July 1951 inclusive.

2. PERSONNEL—The 252d AAA Group consisted of approximately 320 officers and enlisted men. This number was made up of both assigned and attached units of the North Carolina National Guard as follows:

- A. Assigned—Hq Hq Btry 252d AAA Gp.....Wilmington, N. C.
Hq Hq Btry 725th AAA AW Bn.....Whiteville, N. C.
Btry A, 725th AAA AW Bn.....Shallotte, N. C.
Btry B, 725th AAA AW Bn.....Fair Bluff, N. C.
Btry C, 725th AAA AW Bn.....Bladenboro, N. C.
- B. Attached—94th Army Band.....Raleigh, N. C.
217th RCAT Det.....Raleigh, N. C.
3624th Ord Med Maint Co.....Butner, N. C.
(1 Officer)

C. The 123rd SRMU assigned to this command did not attend camp as all enlisted personnel were in school. The Commanding Officer was attached to Hq Hq Btry, 252d AAA Group for field training.

3. MOVEMENT—The movement by units of the 252d AAA Group to Camp Stewart, Georgia for the field training period was executed in three phases: Advance Party by Motor, Main Body by Rail, and Main Body by Motor.

a. Advance party from Wilmington, N. C., Hq Hq Btry 252d AAA Group, left home station at 0800 hours, 5 July 1951, and proceeded to a prearranged bivouac area approximately one-half mile south of Green Pond, South Carolina. The advance party from Bladenboro, N. C., Btry C, 725th AAA AW Bn, left home station at 0615 hours, 5 July 1951, and traveled to Whiteville, N. C., clearing Whiteville with Hq Hq Btry, 725th AAA AW Bn, at 0700 hours. The advance party from Shallotte, N. C., Btry A, 725th AAA AW Bn, cleared at 0700 hours and proceeded to Georgetown, South Carolina, where it joined

serials from Whiteville and Bladenboro, N. C. traveling in two columns to the bivouac area near Green Pond, South Carolina. Advance party from Fair Bluff, N. C., Btry B, 725th AAA AW Bn, left its home station at 0700 hours the same day and joined the remainder of the group at the bivouac area, Green Pond, South Carolina. The assembled advance unit departed from the bivouac area at 0700 hours, 6 July 1951, and arrived at Camp Stewart, Georgia 1030 hours, 6 July 1951.

b. The main body by motor was conducted in two serials; the 725th AAA AW Bn in one serial proceeding under their own orders departed home stations 7 July 1951, and arrived at Camp Stewart, Ga. 1115 hours 8 July 1951. The other serial was composed of Hq Hq Btry, 252d AAA Gp which left its home station 0800 hours, 7 July 1951, and bivouaced for the night 3.1 miles south of RJ 303 SC Hiway 32 at Myrtle Grove Plantation. This unit arrived at Camp Stewart, Georgia, 1030 hours, 8 July 1951.

c. The main body by rail from Wilmington, N. C. left by Atlantic Coast Line train Extra at 0600 hours, 8 July 1951, and was joined in Whiteville, N. C. by main body by rail from that station. Main body by rail from Bladenboro and Shallotte departed from their home stations by commercial bus in time to meet ACL train Extra, joining the Whiteville and Wilmington units in Whiteville. This serial proceeded to Fair Bluff, N. C. picking up Btry C, 725th AAA AW Bn, and arrived at Camp Stewart, Georgia at 1645 hours, 8 July 1951.

d. All units composing the train movement ate breakfast at their home stations and were furnished box lunches for the midday meal which were consumed enroute.

e. Motor units returned to their home stations by the same means stated above in reverse order, leaving Camp Stewart in time to arrive home station 22 July 1951. The movement by rail was scheduled to leave Camp Stewart, Ga. at 0600 hours, 22 July 1951, and to arrive at home station 1640 hours, 22 July 1951; however, these orders were amended, and units left Camp Stewart 2100 hours 21 July 1951, arriving home stations by 0740 hours, 22 July 1951. Rear detachments of all units arrived home stations 23 July 1951.

f. Usual convoy discipline was observed on the motor movements with rest and meal stops at the proper intervals. There were no accidents or motor troubles during the motor movement nor any accidents during the rail movement. The entire move both to and from Camp Stewart, Ga. was very orderly and executed in the best possible military manner.

4. CAMP SITE—The camp site was made up of a tent area for living quarters with buildings for all headquarters, supply rooms, vehicle maintenance shops, and mess halls. All personnel, both commissioned and enlisted, occupied squad tents. These tents had concrete floors, electric lights, and were screened. Water did not drain too readily from the area after rain storms. All personnel had mosquito bars but they were not used as there were no mosquitoes or insects. All post facilities were operating and were only a short distance away.

5. SUPPLIES—a. The G-4 section at Camp Stewart, Georgia, was most cooperative in assisting to secure supplies; however, the administrative work

involved before items could be issued by the various offices caused considerable delay. The system which they used was very good for permanent units but since this organization was to be there only a short period, it is felt that special consideration should have been given requests for supplies and equipment. In one instance the Group Supply Officer was directed to four warehouses before he arrived at the place where the items were stored, consuming the greater part of the morning. Sometimes it would be necessary to wait for an hour or more at an office in an effort to have an Issue Slip approved. A number of items which were in short supply were not available on a loan basis for training. These included radios and motor transportation. The U. S. Prop. & Disb. Officer for North Carolina had a representative at the field training site. He signed directly to the issuing office for items requested and in turn secured signatures of the persons to whom they were delivered. He procured ammunition and gasoline and directed the turn-in of property at the end of the encampment. Cots, mattresses, and mattress covers were drawn from and returned to supply rooms within the area which saved considerable time as well as wear and tear had it been necessary to return them to various warehouses.

b. Four mess halls were operated this year, three enlisted and one officers' mess. Selected mess personnel attended a pre-camp mess school for three days prior to the arrival of the main body of troops. This school was conducted by experienced instructors from Third Army and proved to be very helpful. Officers ate at the unit officers' mess, and payment was made by payroll deduction in the majority of cases. Civilian personnel were hired to assist in this mess, and each officer contributed toward this cost and also the cost of supplementary rations.

c. The quantity of food as set forth under the Master Menu, as amended, did not appear to be as large as that for the previous summer encampment. A remark was made by one of the personnel at the ration breakdown to the effect that he did not see the necessity for a special menu as the menu for the troops on active duty was better. Each mess hall at sometime during the encampment ran short on some items, especially bread and potatoes. Some of the shortages were possibly due to lack of supervision and improper preparation, but as a general rule there were no seconds available. The appetites of the men did not begin to taper off until about the middle of the second week. There were items in the menu which ran the cost up considerably and for which a suitable substitution could have been made at a lower cost. The men want substantial meals rather than fancy food to which they are not accustomed at home. Items such as cantaloupe, frozen asparagus, frozen garden peas, frozen broccoli, fresh plums and fresh peaches were not popular. Other excessive items were dry cereal, coffee, jam, jelly, and onions. The following items should be increased: sugar, flour, potatoes, bread, and tea.

6. TRAINING—a. Throughout the two week period, training was carried out according to the approved schedule, issued prior to camp, with very few changes. A great interest in all phases of training was shown by the men. Schools were conducted for communications men, radio operators, battery clerks, first sergeants, and intelligence personnel. The 725th AAA AW Bn did an excellent job of firing with their crew-served weapons which consisted

of 40 mm's and M55's. A great number of hits were scored on the aerial towed sleeve targets and several OQ-19 radio controlled planes were shot down.

b. Small arms firing was conducted in order that all men who had not qualified in small arms or who had joined the National Guard since the week-end firing could be qualified. This firing was conducted on "B" Range by this headquarters.

c. On Tuesday, 17 July 1951, Hq and Hq Btry, 252d AAA Gp, and the 725th AAA AW Bn moved into the field for a three day field problem. The 725th AAA AW Bn set up the AAA defense of a bridge using all the field equipment issued to them. Since units did not have 100% strength or full T/O equipment, some of the gun positions had to be simulated. Practice strafing and low level bombing attacks by an Air Force A-26 plane were flown. An attack by an aggressor force to test the local ground defense of the positions was called off because of rain. The field problem was terminated at 2200 hours 19 July 1951 because of a severe rain storm that flooded most of the gun positions. However, the storm offered an excellent opportunity to train all personnel in that the move back into camp was made under the most adverse weather conditions. Morale in the field even during the rain storm was very high and the proficiency of all men was demonstrated.

d. The 94th Army Band, NC NG, assisted materially in gaining the maximum benefit from the training scheduled. They played at all formations, reveille, retreat, dismounted drill, practice parades, and at all ceremonies.

e. A detachment from the 3624th Ord Med Maint. Company functioned most efficiently during the field training period. This detachment performed such maintenance as was beyond the capabilities of organizational personnel. The burden of the post ordnance personnel was greatly relieved by their presence. The willing, cooperative, and efficient manner exhibited by this unit was most gratifying.

f. The 217th RCAT Detachment, NC NG, assisted the Third Army AAA Training Center RCAT Detachment by flying all radio controlled targets for the 725th AAA AW Bn during the firing. They relieved the burden of the Post RCAT Detachment greatly, and gained much experience flying and maintaining target planes.

g. This command offered a number of trophies to be awarded at the end of the encampment. A group of officers, whose identity remained unknown, judged the events. Units were judged during the full two week period and awards given for events. Award winners were as follows:

<i>Award</i>	<i>Winning Unit</i>
Highest Percentage of Attendance at Camp	Hq Btry, 252d AAA Gp
Military Efficiency	Btry C, 725th AAA AW Bn
Military Appearance	94th Army Band
Best Mess Hall.....	Duplicate awards were made to Hq Btry and Btry A, 725th AAA AW Bn, who operated a joint mess.

These awards were presented at the Post Theatre on 21 July 1951 by the Group Commander. At this assembly the 94th Army Band was awarded the

Eisenhower Trophy for the third consecutive time for excellence during the past year.

h. Post personnel and the AAA instruction teams from Fort Bliss, Texas, were very helpful, cooperative, and implemented the successful manner in which the training was carried out.

i. Training for the fourth field training period was well coordinated, and at all times was conducted in an effort to accomplish all possible training that could not be conducted during the armory training periods with any degree of practicability.

7. INSPECTIONS—During the field training period training and administration inspections were conducted by several higher headquarters in an effort to evaluate the state of training, efficiency, and status of administration and supply of all units in this command. Inspectors appeared to be generally interested in the units and offered many worthwhile suggestions. The following representatives of the headquarters indicated below inspected:

<i>Headquarters</i>	<i>Inspector</i>
DEPARTMENTS OF THE ARMY AND THE AIR FORCE	
Army Field Forces.....	Lt. Col. Gay E. Miller G-3
National Guard Bureau.....	Lt. Col. James E. Barbor Training Lt. Col. Clifford L. Smires Logistics

IV Corps Artillery.....	Lt. Col. Ivan G. Walz Army Artillery Inst. Capt. Charles D. Isom Adm. Ass't.

8. COMMENDATIONS—Brigadier General Clare H. Armstrong, Commanding General, and his entire staff at Camp Stewart, Georgia, for their helpful, courteous efficient assistance in making the camp a success.

Colonel Frederick L. Van Atta, Army Artillery Advisor, Major Frank Shelton, Army Artillery Instructor, and their assistants, Master Sergeant Alvin A.

Bischoff, and Sergeant First Class John H. Highsmith, for their splendid attitude and effective instruction in all fields.

9. RECOMMENDATIONS—

1. The representative of the U. S. Prop. & Disb. Officer for North Carolina should arrive at the field training site at least one (1) day prior to the arrival of the advance detachment so that PC & S property will all be inventoried and signed to the State thus minimizing the delay in the issue of this property to using units. Recommend that this representative, upon arrival, report immediately to Post Headquarters, a custom long followed in the military service. His failure to follow this procedure this year resulted in several changes in plans.

2. Recommend that the 217th RCAT Detachment, NC NG, and the 94th Army Band, NC NG, be attached to this headquarters for the next field training period.

3. Recommend that a detachment from the 3624th Ord Med Maint Company be attached to this headquarters to perform maintenance beyond the capabilities of organizational shops.

4. Suggest that steps be taken to overcome the problem of feeding troops enroute to the field training site. Railroad station restaurants are unsanitary and overcrowded and in the past have not been able to furnish satisfactory meals. Recommend that a diner be attached to the troop train.

5. Recommend that the movement to the field training site begin on Saturday and Pullmans be provided for all personnel. The movement as scheduled, leaving Wilmington, N. C. at 0600 hours, required all personnel to leave home in the middle of the night and on the return trip would not allow time during daylight hours for the unloading and unpacking of property and baggage.

6. Recommend that AAA instruction teams be made available for future encampments.

7. Request that an ambulance and adequate medical support be available.

8. Request that the tent area be assigned to this organization well in advance of the field training period, and a minimum number of adjustments made.

9. The need for additional vehicles will continue until all units have been issued additional trucks as authorized by the T/O & E. Recommend that vehicles be made available on a loan basis for future camps.

10. Recommend that the monetary value of rations drawn be forwarded to this headquarters regularly to insure against overdrawing the ration account.

11. Recommend that special consideration be accorded supply requests submitted during the field training period because of the limited time involved.

12. Recommend that the ration of bread and potatoes be increased and frozen vegetables decreased.

13. Recommend that the jam, jelly, and coffee ration components be reduced.

14. Recommend that the Pre-Camp Mess Training Courses be continued prior to future camps.

REPORT OF THE ADJUTANT GENERAL

15. Request that this headquarters be advised of the attachment of reservists in advance of field training.

SUBJECT: Report of Field Training
Selective Service Section
Headquarters & Headquarters Detachment, NCNG

TO: The Adjutant General
Raleigh
North Carolina

1. Pursuant to paragraph 3, General Orders No. 12, AGD, Raleigh, North Carolina, 25 June 1952, we submit herewith report on field training, Selective Service Section, Headquarters and Headquarters Detachment, NCNG, for the period 6 July 1952 to 3 August 1952.

2. The section, pursuant to recommendations based on previous experience, trained in two separate groups of three each. We are still of the opinion that it is more beneficial to break the unit into small groups in order that they can be given personal training in the State Headquarters. The State Headquarters cannot adequately handle the training of a larger group without some loss of effectiveness. The training this year was devoted to three divisions of State Headquarters which are considered to be somewhat specialized; i.e., Procurement and Fiscal, Personnel, and Manpower. The trainees were allotted three days in each division and one day was used in a general critique to permit the trainees to compare notes and to question more closely the chiefs of the divisions when they found any discrepancies to exist between their own personal notes or understanding of the operations.

3. From the comments of the trainees, we believe that the training was highly successful and that each trainee now has a greater conception of the function and relation of those divisions which are mainly administrative

and which support the main function of the State Headquarters in coordinating and guiding the activities of local boards. The experience of this training period continues to bear out the thought that smaller groups can receive more effective training and we definitely recommend that this thought be followed in future training periods. We also feel that the most adequate training for the Selective Service Section is to be obtained at the State Headquarters, since these officers are being trained for assignment in such Headquarters in event of an emergency.

4. Inclosed is the original copy of Morning Report, DA AGO Form 1, for the period 6 July 1952 to 3 August 1952.

2. Armory Inspections will be made in two (2) parts: An administrative inspection of armory facilities, property, official records, and general administration. The organization commander, first sergeant, caretaker, supply sergeant and administrative assistant will be present at the armory at the time designated for the administrative inspection. There will also be an inspection of the state of training of all personnel of the organization and the adequacy of equipment. The time devoted to the training inspection should not exceed the time required in a normal armory drill period. The hours of these two parts of the inspection will be set by arrangement between the unit commander and the inspecting officer.

3. All property, arms, clothing and equipment will be thoroughly cleaned and put in good condition. Property in supply rooms and individual lockers will be neatly and carefully arranged, in order that the inspecting officer may check their condition without a loss of time.

4. Attendance at inspection is compulsory. A report of all absentees from inspection by reason of unavoidable causes, such as sickness, etc., will be rendered to the inspection officer. Absentees without leave of absence will be dealt with in accordance with the law. Officers and enlisted men temporarily absent from their home stations on the date of inspection of their organization may be attached for inspection to any other organization, provided the necessary arrangements are made with the Adjutant General by the immediate commanding officers and notice given the inspector to whom they are to report.

5. The inspection will be formal. The unit commanders will review carefully Sec. II, NGR-48; SR 20-10-8, 21 July 1949, as amended, and present the unit for inspection according to the directives contained therein.

6. The expense enjoined is necessary in the military service.

No. 37

6 December 1951

1. Pursuant to authority, The Chief, National Guard Bureau, on NGB Form 5, authority to organize National Guard units, Commanding Officer of the following unit, North Carolina National Guard, will proceed with enlistment of men for their respective commands, effective 19 November 1951.

UNIT DESIGNATION	STATION	APPLICABLE T/O&E	REQUIRED FOR FEDERAL RECOGNITION		
			Off	WO	EM
121st Antiaircraft Artillery Operations Detachment.....	Charlotte, N. C.....	44-7 15 Oct. 48 W/CI, 2 & 3 RT 44-7-22, 1 Jun. 49.....	2	-----	15

2. WD NGB Form 21 is prescribed for use in enlistment of men. The original and two carbon copies will be prepared. No Oath of Enlistment will be dated prior to the effective date. Care will be exercised in the preparation of enlistment records; all questions carefully answered; proper and full information given, and all copies will be legible.

3. It is required to have a physical examination of each enlisted man, report of which will be prepared on NGB Form 21, in triplicate, (Reverse side of Enlistment Record). Physical examination may be made by medical officers of the Regular Army, National Guard officers, Reserve Corps, the Navy, U. S. Public Health Service, or by civilian physicians. Should none other than a civilian physician be available to make the physical examination, it is required that the name or names of a reputable physician of the community be submitted promptly to The State Adjutant General, who will report the name to the National Guard Bureau that he may be furnished a copy of the regulations prescribing the physical requirements for enlistment. The examining physician will be advised that Questions 56, Chest X-Ray and 57, Serology, are not required to be completed except in a case in which the condition of the man would deem to warrant the answer to such questions. It is not deemed necessary to await receipt of the regulations mentioned to begin the physical examination of men.

4. Before the enlistment of any man, the Recruiting Officer will carefully read NGR 25, dated 9 January 1947, and changes thereto. A number of local physicians within the State have offered to make the physical examination of enlisted men at a cost not to exceed \$2.00 per man, and due to the availability of funds in the State budget, it is desired, if practicable, not to exceed this amount.

Hq. & Hq. Btry., 196th FA Gp.	Kinston	20 Mar. 52	Lt. Col. R. E. McMurray

2. Armory Inspections will be made in two (2) parts: An administrative inspection of armory facilities, property, official records, and general administration. The organization commander, first sergeant, caretaker, supply sergeant and administrative assistant will be present at the armory at the time designated for the administrative inspection. There will also be an inspection of the state of training of all personnel of the organization and the adequacy of equipment. The time devoted to the training inspection should not exceed the time required in a normal armory drill period. The hours of these two parts of the inspection will be set by arrangement between the unit commander and the inspecting officer.

3. All property, arms, clothing and equipment will be thoroughly cleaned and put in good condition. Property in supply rooms and individual lockers will be neatly and carefully arranged, in order that the inspecting officer may check their condition without a loss of time.

4. Attendance at inspection is compulsory. A report of all absentees from inspection by reason of unavoidable causes, such as sickness, etc., will be rendered to the inspection officer. Absentee without leave of absence will be dealt with in accordance with the law.

5. The inspection will be formal. The unit commanders will review carefully Sec. II, NGR-48; SR 20-10-8, 21 July 1949, as amended, and present the unit for inspection according to the directives contained therein.

6. The expense enjoined is necessary in the military service.

19 March 1952

1. Pursuant to authority, Chief, National Guard Bureau, on NGB Form 5, Authority to Organize National Guard Units, Commanding Officer of the following unit, North Carolina National Guard, will proceed with enlistment of men for his respective command, effective 1 March 1952:

UNIT DESIGNATION	STATION	APPLICABLE T/O&E	REQUIRED FOR FEDERAL RECOGNITION		
			Off	WO	EM
Co. B, 167th MP Bn.....	Lasker, N. C.....	19-37 15 Oct. 48 w/CI & 2 RT 19-37-22 1 June 49.....	2	40

2. WD NGB Form 21 is prescribed for use in enlistment of men. The original and two carbon copies will be prepared. No Oath of Enlistment will be dated prior to the effective date. Care will be exercised in the preparation of enlistment records; all questions carefully answered, proper and full information given, and all copies will be legible.

3. It is required to have a physical examination of each enlisted man, report of which will be prepared on NGB Form 21, in triplicate, (Reverse side of Enlistment Record). Physical examination may be made by medical officers of the Regular Army, National Guard officers, Reserve Corps, the Navy, U. S. Public Health Service, or by civilian physicians. Should none other than a civilian physician be available to make the physical examination it is required that the name or names of a reputable physician of the community be submitted promptly to the Adjutant General, who will report the name to the National Guard Bureau that he may be furnished a copy of the regulations prescribing the physical requirements for enlistment. The examining physician will be advised that Questions 56, Chest X-Ray and 57, Serology, are not required to be completed except in a case in which the condition of the man would deem to warrant the answer to such questions. It is not deemed necessary to await receipt of the regulations mentioned to begin the physical examination of men.

4. Before the enlistment of any man, the Recruiting Officer will carefully read NGR 25, dated 9 January 1947, and changes thereto. A number of local physicians within the State have offered to make the physical examination of enlisted men at a cost not to exceed \$2.00 per man, and due to the availability of funds in the State Budget, it is desired, if practicable, not to exceed this amount.

Sgt Edwin L. West, 25011231, 252nd AAA Gp, Wilmington, N. C.

Motor Convoy Detachment—3 days—(2 days advance and 1 day rear)
1 Officer—44 Enlisted Men

The Commanding Officer, 252nd AAA Group, after consultation with those concerned, will designate personnel for the advance, rear and motor convoy detachments. In compliance with Par. 36, NGR-45, units will take to Camp at least 50 % of officers and 60 % of enlisted strength.

2. *Transportation:* a. Travel to and from Camp will be conducted as a troop movement. The maximum use will be made of all Government owned motor vehicles to transport both personnel and organizational equipment. Motor convoys will proceed under the direction and command of the Senior Officer or an officer designated by him as convoy commander. All Federal regulations and state and local laws will be complied with. March orders covering motor convoys will be issued by organizations concerned. Copies of these orders will be furnished this Department and Headquarters, 252nd AAA Group. For rail and/or bus movements see Field Training Circular No. 7, Office of Acting USP & DO for North Carolina, dated 26 May 1952. Lt

Col William Lamont, Jr., 0-385712, Arty, and Major Joseph E. Boylan, Jr., 0-422001, Arty, are designated Train Commanders and will assume command and responsibility for train and troops thereon. Provisions of TM 55-590, March 1947, will be complied with. Train Commanders will furnish such reports as the USP & DO for North Carolina and the Transportation Officer, Camp Stewart, Georgia may require. The following officers are designated as Transportation Officers, in addition to their other duties, for the entraining points listed:

Capt Walter R. Bullock, 0-1040503	Fayetteville, N. C.
Hq Hq Btry 130th AAA AW Bn, NCNG	

Capt Simeon T. Enzor, 0-814671	Fair Bluff, N. C.
Btry B, 725th AAA AW Bn, NCNG	

Capt Harold A. Waldron, 0-1048230	Whiteville, N. C.
Hq Hq Btry 725th AAA AW Bn, NCNG	

Capt Osborne K. Walls, 0-1047832	Wilmington, N. C.
Hq Hq Btry 252nd AAA Gp, NCNG	

Regardless of means employed, the amount of equipment and impedimenta transported to and from field training camp will be strictly limited to training essentials to include athletic equipment but not day room furniture and equipment. TR to be issued by Acting USP & DO, North Carolina for all rail and bus movements. Travel of dependents not authorized.

b. Personnel authorized to travel by privately owned vehicle will be covered in separate order.

3. *Pay:* a. Regular payrolls will be submitted to the USP & DO for North Carolina, who will accomplish the certificate on the payrolls as to the availability of funds. The rolls will be paid by the designated Finance Officer, Camp Stewart, Georgia, and payment will be made in cash. The Acting USP & DO, North Carolina, will settle all accounts incident to the Camp payable from Federal funds.

b. Detachment payrolls will be prepared covering the periods authorized for the advance and motor convoy detachments by organizations listed in Par. 1 above. Similar rolls will be prepared for the rear detachments. These rolls will be briefed to show whether the detachment is advance, rear or motor convoy and the organization to which it pertains. The unit to which each individual belongs will be clearly shown in the body of the roll. Personnel of these detachments will be paid for the period of the encampment proper on the regular payroll of their unit. The detachment payrolls cover only the period of additional duty as members of the advance, rear or motor convoy detachments. Two payrolls will be prepared for motor convoy detachment, one for the advance element and one for the rear element.

c. The Pre-Camp Mess School Detachment—Mess personnel payroll will be prepared by Hq, 252nd AAA Group for all personnel attending.

d. Camp Supply Detachment—Personnel on this Detachment will be paid on one roll, prepared by Hq, 252nd AAA Group, for the entire period authorized the Detachment.

4. *Subsistence*: The provisions of Par. 15, NGB Ltr, NG-ARL 354.1 Gen, Subject: "Administrative Instructions for Field Training of the National Guard (Army units) Calendar Year 1952," dated 1 January 1952, will apply. The travel rations at a total value of \$2.50 per day, not to exceed \$1.00 per meal, is authorized for the period of travel only. The number of meals entitled to while traveling, and their purchase, will be as prescribed in Field Training Circular No. 5, Acting USP & DO, N. C., dated 8 May 1952. Messes while in Camp will be established as directed by Commanding Officers, 252nd AAA Group. An officer messing at enlisted men's mess at Camp, or with enlisted men during the period of travel to and from Camp, will be charged per day as follows regardless of the type of rations furnished:

<u>One Meal</u>	<u>Two Meals</u>	<u>Three Meals</u>
45¢	\$1.35	\$1.35

5. At termination of Camp, the Commanding Officer, 252nd AAA Group, will submit to TAG, NC a report on the Camp with such recommendations and comments as he may deem advisable.

6. Orders and regulations in force at Camp will be complied with by all concerned.

7. No debts or obligations against the State of North Carolina or the Federal Government will be incurred by any officer, enlisted man, or organization of the North Carolina National Guard except as authorized by this Department.

3. *Pay:* a. Regular payrolls will be submitted to the USP & DO for North Carolina, who will accomplish the certificate on the payrolls as to the availability of funds. The rolls will be paid by the designated Finance Officer, Fort McClellan, Alabama, and payment will be made in cash. The Acting USP & DO, North Carolina, will settle all accounts incident to the Camp payable from Federal funds.

b. Detachment payrolls will be prepared covering the periods authorized for the advance and motor convoy detachments by organizations listed in Par. 1 above. Similar rolls will be prepared for the rear detachments. These rolls will be briefed to show whether the detachment is advance, rear or motor convoy and the organization to which it pertains. The unit to which each individual belongs will be clearly shown in the body of the roll. Personnel of these detachments will be paid for the period of the encampment proper on the regular payroll of their unit. The detachment payrolls cover only the period of additional duty as members of the advance, rear or motor convoy detachments. Two payrolls will be prepared for motor convoy detachment, one for the advance element and one for the rear element.

c. The Pre-Camp Mess School Detachment—Mess personnel payroll will be prepared by Hq, 30th Infantry Division for all personnel attending.

d. Camp Supply Detachment—Personnel on this Detachment will be paid on one roll, prepared by Hq & Hq Detch, for the entire period authorized the Detachment.

4. *Subsistence:* The provisions of Par. 15, NGB Ltr, NG-ARL 354.1 General, Subject: "Administrative Instructions for Field Training of the National Guard (Army Units) Calendar Year 1952," dated 1 January 1952, will apply. The travel rations at a total value of \$2.50 per day, not to exceed \$1.00 per meal, is authorized for the period of travel only. The number of meals entitled to while traveling, and their purchase, will be as prescribed in Field Training Circular No. 5, Acting USP & DO, N. C., dated 8 May 1952. Messes while in Camp will be established as directed by Commanding General, 30th Infantry Division. An officer messing at enlisted men's mess at Camp, or with enlisted men during the period of travel to and from Camp, will be charged per day as follows regardless of the type of rations furnished:

One Meal	Two Meals	Three Meals
<hr/>	<hr/>	<hr/>
45¢	\$1.35	\$1.35

5. At termination of Camp, the Commanding General, 30th Infantry Division (In Part), will submit to The Adjutant General, North Carolina, a report on the Camp with such recommendations and comments as he may deem advisable.

6. Orders and regulations in force at Camp will be complied with by all concerned.

7. No debts or obligations against the State of North Carolina or the Federal Government will be incurred by any officer, enlisted man, or organization of the North Carolina National Guard except as authorized by this Department.

GENERAL ORDERS
No. 18

11 August 1952

1. With profound sorrow the death of CAPT DAVID FINLEY DAVIS, 0-1298644, Commanding Officer, Co. A, 120th Inf, NCNG, station Burlington, N. C. on 10 August 1952, is announced.

2. Capt Davis was born at Graham, N. C., 21 December 1919, and later in life moved to Burlington, N. C. At the time of his death, Capt Davis was associated with the Gates Construction Company at Graham, N. C.

3. Capt Davis was a young man of sterling qualities. He was admired by and had the confidence of those with whom he came in contact. In his sudden death, his community lost a valued citizen. The Armed Forces has lost a most valuable, efficient, and faithful officer.

4. RECORD OF MILITARY SERVICE.—Capt Davis served as an enlisted man, 120th Infantry, NCNG, during the period 27 February 1936—26 December 1937, 21 January 1938—15 September 1940, entering Active Military Service with the Med. Det., 120th Inf. on 16 September 1940, receiving an appointment as 2nd Lt, Inf, on 3 November 1942. After demonstration of his capabilities, Capt Davis was promoted to 1st Lt, Army of the United States, on 1 July 1944, and continued in the active Federal service in that grade until 31 October 1945. Upon release from the active Federal service, he remained on an inactive status in the Army of the United States until 19 January 1948, at which time he received an appointment as 1st Lt, Inf, NCNG, assigned Plat. Comdr., Co. A, 120th Inf, NCNG; however, during period 3 March 1947—1 January 1948, Capt Davis rendered service in the grade of T/Sgt., Co. A, 120th Inf, lending his support in the activation of that command. On 27 October 1948, Capt Davis was reassigned as Commanding Officer, Co. A, 120th Inf, receiving his promotion to the grade of Captain on 6 January 1950. Capt Davis was wounded four times with the 9th Infantry before his release in 1945 to Inactive duty status, after seeing action in Germany, Belgium, France, Africa, Sicily, and Holland. He was awarded the Silver Star and Bronze Star with one cluster for gallantry in action.

5. Next of kin.—Mrs. Betty Dixon Davis (Wife), Brookwood Garden Apt, Burlington, N. C.

1. PAC Letter, NGB, NG-AROTO 325.4 General, Subject: "Redesignation and Reorganization of National Guard Nondivisional Ordnance Companies," dated 20 August 1952, the 3624th Ordnance Medium Maintenance Company, North Carolina National Guard, is hereby redesignated and reorganized in accordance with T/O&E indicated below, *effective 15 September 1952*. Maximum authorized strength for officers and warrant officers is listed in Column 7 and enlisted strength in Column 8 of appropriate T/O&E:

<i>Old Designation</i>	<i>T/O&E & Date</i>		<i>Unit Structure</i>	
	<i>No.</i>	<i>Date</i>	<i>Orgn</i>	<i>Equip.</i>
3624th Ordnance Medium Maintenance Co.				
<i>New Designation</i>				
3624th Ordnance Company (Direct Support)	9-7A	17 July 52	Column 7 Sec. II	Column 5 Sec. III

2. The provisions of NGB Circular No. 22, dated 24 September 1948, apply to this reorganization.

3. The number of grades for each MOS, as shown in column 16 through 21 inclusive (Section II (Organization)) of all tables are authorized provided the total enlisted strength does not exceed the total shown in column 8. Personnel rendered surplus by this reorganization will be governed by the provisions of paragraph 6, NGR 15 and paragraph 20, NGR 130.

4. Since the T/O&E referred to above includes a Section III (Equipment) and such section contains a full strength allowance column (column 4) and a reduced strength allowance column (column 5), National Guard Reduction Tables now being followed (for equipment only) will no longer be required nor be in effect on and after the date of reorganization.

2. Armory Inspections will be made in two (2) parts: an administrative inspection of armory facilities, property, official records, and general administration. The organization commander, first sergeant, caretaker, supply sergeant and administrative assistant will be present at the armory at the

time designated for the administrative inspection. There will also be an inspection of the state of training of all personnel of the organization and the adequacy of equipment. The time devoted to the training inspection should not exceed the time required in a normal armory drill period. The hours of these two parts of the inspection will be set by arrangement between the unit commander and the inspecting officer.

3. All property, arms, clothing and equipment will be thoroughly cleaned and put in good condition. Property in supply rooms and individual lockers will be neatly and carefully arranged, in order that the inspecting officer may check their condition without loss of time.

4. The inspection will be formal. Unit commanders will review carefully Sec. II, NGR 48; SR 20-10-8, 21 July 1949, as amended, and present the unit for inspection according to directives contained therein.

16. With profound sorrow the death of 1ST LT HILDRETH LACUE PAYNE JR AO 941 599 Pilot 156th Ftr Sq NCANG on 7 Jun 1952 is announced.

Lt Payne was born in Boston, Massachusetts on 21 November 1924, lived in Hyde Park Mass until 1949 when he moved to Charlotte NC where he joined the Associated Press Bureau. Lt Payne was a graduate of Hyde Park High School and Boston University receiving a BS in Journalism in 1949.

Lt Payne was a young man of sterling qualities, he was admired by and had the confidence of those with whom he came in contact. In his sudden death his community lost a valued citizen. The Armed Forces has lost a most valuable efficient and faithful officer.

Record of Military Service.—Lt Payne served in the Air Corps Enlisted Reserve during the period of 14 December 1942 through 22 February 1943. On 23 February 1943 he entered into active Federal service as an Air-Cadet receiving the grade of Flight Officer 5 August 1944. Upon release from active Federal service 18 September 1946 he was transferred to the AAF Reserve Corps receiving an appointment as 2nd Lt on 20 December 1946. On 3 January 1947 Lt Payne was appointed as 2nd Lt in the Massachusetts National Guard serving with the 67th Ftr Wing and 101st Ftr Squadron until 1 June 1949 at which time his appointment was terminated because of change of residence to Charlotte NC. On 2 June 1949 Lt Payne was appointed as 2nd Lt North Carolina National Guard and assigned as Pilot (SSN 1054) 156th Ftr Squadron NC ANG station Charlotte NC. Lt Payne was promoted to 1st Lt NC ANG on 13 September 1950 and entered active Federal service in that grade on 10 October 1950 as a member of 156th Ftr Squadron NC ANG. Lt Payne was killed while piloting a F-51 Mustang over Tokyo on 7 June 1952.

Next of kin.—Mrs. Mollie N. Payne wife 18 Morse Avenue Dedham Massachusetts.

SUBJECT: Commendation for Colonel Lee C. Bizzell, Senior
Instructor, North Carolina National Guard.

TO: The Adjutant General
Department of the Army
The Pentagon
Washington 25, D. C.

THRU: The Chief, National Guard Bureau
Depts of the Army and the Air Force
The Pentagon
Washington 25, D. C.

1. As the normal tour of duty of Colonel Lee C. Bizzell, 0-10250, Infantry, Senior Instructor, North Carolina National Guard, draws to a close, I wish to record my appreciation of the very fine services rendered to the North Carolina National Guard by Colonel Bizzell during the past nearly three years. He has been earnest, conscientious, and hard working with his sole interest being the promotion and betterment of the North Carolina National Guard. His services in this particular have been outstanding. He has been most helpful and cooperative in every way and has done his work in a most gracious manner.

2. It is with much regret that the normal tour of duty of Colonel Bizzell will be reached in August, and that he will leave North Carolina for another assignment.

27 June 1952

SUBJECT: Compensation for FY 1953 of Employees Paid with Federal Funds

TO: All Federally Paid Employees
All Unit Commanders

1. The allotment of funds by the National Guard Bureau for the fiscal year ending 30 June 1953 is insufficient to meet payroll requirements for the following personnel:

42	Employees	Office of USP & DO, SMO, USP & DO Warehouse
3	"	SMP (NGC Clerks)
37	"	State Maint. Pool Mechanics (NGM)
13½	"	Army Aviation
94	"	Adm. Assts. (Officers & NCOs)
80	"	Mechanics, General (Caretakers)
8	"	Service Center Mechanics
1	"	Range Keeper

278½ Total Employees

2. The Chief, National Guard Bureau informed the Adjutant General that additional funds were not in prospect and the adjustments necessary to keep payroll requirements within allotted funds should be made effective 1 July 1952, the beginning of the fiscal year. Any solution to bring payroll requirements within allotted funds was so important that the Adjutant General called a meeting of the Advisory Council, which was held on 16 June 1952 and attended by eleven (11) senior officers representing all units of the North Carolina National Guard. The AAA units were in field training at Camp Stewart, Ga., and were not represented.

3. After more than three hours of discussion, the following recommendations were adopted unanimously by the Advisory Council:

(1) That the following positions now authorized not be filled:

One Clerk, Supply, Grade NGC 7, Office of the USP & DO

One Clerk, NGC 5, SMP

One Mechanic, NGM 15, SMP

One One-half ($\frac{1}{2}$) time A & E Mechanic, Army Aviation

One Caretaker

One Service Center Mechanic, NGM 15

(2) That merit increases for State Maintenance Pool and Army Aviation personnel be granted during FY 1953 when eligible.

(3) That raises be allowed twenty-seven (27) unit caretakers now paid below the present maximum.

(4) That minor adjustments be made for one employee, Office USP & DO, two (2) employees, Warehouse USP & DO and that no across the board cut be made in the compensation now paid to five (5) Truck Drivers—material handlers—USP & DO Warehouse now being paid below maximum.

(5) That no other increases, merit or step, be granted during FY 1953.

(6) That the deficit resulting from application of (1), (2), (3), (4) and (5) be eliminated by a straight five (5) per cent across the board salary reduction on all employees, effective 1 July 1952.

(7) That further adjustments, if necessary, be made in the third and fourth quarters or in the fourth quarter in the discretion of the Adjutant General and the USP & DO.

(8) That in the event additional funds become available, the salary cuts be restored and increases granted where merited or entitled to the extent possible.

4. The Adjutant General approved the recommendations of the Advisory Council. The Adjutant General wishes to record his appreciation of the very fine service rendered by personnel affected by this salary reduction and to express his regret that such action is necessary. Responsible officers will notify all personnel affected, without delay, of the action set forth in this letter.

JOHN H. MANNING

REPORT OF THE ADJUTANT GENERAL

OFFICE OF THE ADJUTANT GENERAL
NORTH CAROLINA NATIONAL GUARD
RALEIGH, N. C.

Report of Proceedings of Board of Officers

Proceedings of a Board of Officers which convened at Raleigh, North Carolina pursuant to Par. 2, Special Orders No. 106, State of North Carolina, Adjutant General's Department, 12 March 1952, copy of which is attached as Exhibit A.

The Board met pursuant to the foregoing order at Raleigh, North Carolina at 0930 12 March 1952.

Members present:

Major General John H. Manning, The Adjutant General, North Carolina
Brigadier General Claude T. Bowers, Commanding General, 30th Infantry Division, NCNG
Colonel Lee C. Bizzell, Senior Army Instructor, North Carolina National Guard

PURPOSE:

To select the unit of the North Carolina National Guard to receive the Eisenhower Trophy for 1951, in accordance with the provisions of Section VI, NGR 44, dated 6 September 1951.

FINDINGS:

The Board found that the Service Battery, 112th FA Battalion, NCNG, met the specifications listed in Paragraph 33, Section VI, NGR 44, dated 6 Sept 1951.

RECOMMENDATIONS:

The Board recommends that the Service Battery, 112th FA Battalion, North Carolina National Guard, be awarded the Eisenhower Trophy for the year 1951.

The Board adjourned at 1000 12 March 1952.

JOHN H. MANNING
Major General, NCNG
President

CLAUDE T. BOWERS
Brigadier General, 30 Inf Div, NCNG

Recorder

EISENHOWER TROPHY (ARMY).—a. Reference is made to Section VI, NGR 44, dated 6 September 1951.

A board of officers appointed in accordance with reference cited in Par. a, above, has recommended to the Chief, National Guard Bureau that Tank Company, 119th Infantry (90 MM Gun), NCNG, be named as winner of subject trophy for calendar year 1952.

Other units which met all requirements are as follows:

123rd Signal Detachment (Radar Maint. Unit, Type C)
 94th Army Band
 Company M, 119th Infantry
 Service Btry, 113th FA Bn.
 Hq Hq Co, 2nd Bn, 120th Infantry

Tank Company, 119th Infantry (90 MM Gun) and each of the other units listed are commended for attaining an excellent record during 1952 and it is expected that even more units will be eligible for consideration for this award during 1953.

THIRD ARMY NATIONAL GUARD TRAINING TROPHY (ARMY).—a. Reference is made to Par. 5, Sec. III, NC NG Bulletin No. 6, dated 22 February 1952.

Hq, Third Army, has advised this department that **Btry B, 113th FA Bn NCNG, Dunn, N. C.**, has been declared winner of the Third Army National Guard Training Trophy for calendar year 1951 based on nominations submitted by State Adjutants General of the Third Army Area. Listed below are the positions of other units nominated within this Army Area.

<i>State</i>	<i>Unit</i>	<i>Rating</i>
South Carolina.....	Service Battery, 178th Field Artillery Battalion.....	92.84
Florida.....	Tank Company (M), 124th Infantry.....	89.12
Tennessee.....	Company A, 173d Armored Calvary Regiment.....	87.66
Georgia.....	Hq. & Hq. Btry., 950th AAA AW Battalion.....	84.23
Mississippi.....	3656th Ordnance Medium Maintenance Company.....	79.08
Alabama.....	Negative Report	

It is tentatively planned that the trophy will be presented by the Army Commander or his representative at the unit's home station on 28 April 1952. The officers and men of Btry B, 113th FA Bn are commended for having achieved this outstanding accomplishment. Every unit of the North Carolina National Guard should make special effort beginning now to win this trophy during the current calendar year. Several units are already off to a good start in this direction, and each individual of these units should appoint himself a committee of one to see that every available opportunity is taken advantage of in order that when the points are computed at the end of the year his unit will be on top.

THIRD ARMY NATIONAL GUARD TRAINING TROPHY (ARMY).—a. References:

- (1) Par. 7, Section I, Training Memorandum No. 1 (National Guard), Headquarters, Third Army, dated 1 January 1953.
- (2) Par. 14, Section IV, NC NG Bulletin No. 1, 2 January 1953.

Based on reports submitted by Army Instructors, this Department in co-ordination with the Senior Army Instructor, NCNG, has selected the unit obtaining the highest rating for the Third Army Training Trophy

based on criteria listed in reference a(1) above. Report has been submitted to Hq, Third Army, recommending that Btry B, 113th FA Bn, Dunn, N. C., with an average rating of 95.26 %, be considered as the winner from this State in order that determination may be made as to the winner in the Third Army Area. Other units in this State receiving a percentage rating of 90 or above are as follows:

Hq Hq Btry, 252nd AAA Gp, Wilmington, N. C.—92.81 %

Hq Hq Co, 2nd Bn, 119th Inf, Wilson, N. C.—91.56 %

This is the second year in succession that Btry B, 113th FA Bn, has achieved the highest rating in this State for this trophy. This is truly an outstanding record, and it is sincerely hoped that this unit will be declared winner within the Third Army Area, as was the case for calendar year 1951. Other units listed above are commended for making a creditable showing, and all units are urged to begin making preparations now to win this trophy for calendar year 1953.
